Healing Village News is published and distributed by Healing Parish Council
Normally, at this stage of the year we would be writing our editorial reflecting on the fact that we are coming out of the winter months & looking forward to the longer, lighter and brighter days of spring and summer!

The key word here was normally!

With all the uncertainties around Coronavirus at the moment, words like crisis, isolation, lockdown are becoming commonplace, let’s not forget it is spring time. The daffodils are in full bloom & the cherry blossom is brightening our days.

Clearly there will be disruption, but already there are encouraging signs of our village community pulling together to support each other, & to try & minimise the effect this is having on all of us. Hopefully this will only disrupt our lives for a short period of time. As a public body the Parish Council has to follow local & national government instructions and inevitably this may impact on the way we are able to operate for the near future.

Unfortunately the Parish Council has had no option but to cancel the Quiz Night on March 28th, as well as the Easter Play Sessions at Poplar Park.

/continued over......
Continued......

The VE Day celebrations planned for May 9th are under review and at risk of being cancelled too. We will keep you informed. Several classes/groups have cancelled their hirings & it may be we will have to close the Village Hall. We have reassured all our hirers that their slots will be protected.

As we write this we are not sure that our team of distributors will be able to get the Village News out to everyone in the village. We will do our level best to get as full a distribution as possible. We will post a copy of the newsletter on the Parish Council website, & investigate the possibility of leaving copies at a central point for collection.

We will also post information on our Facebook page.

Let’s continue to work as a community and support our fellow residents.

PARISH COUNCIL EVENTS

Coronavirus Update on Events

By the time residents get this copy of the Newsletter, there may be more information which has come from central Government and Health Ministers etc., but in the meantime, the Parish Council is keeping a watching brief on the situation and has, as a local authority body, to take guidance and advice from both local authority protocols and central Government advice.

NELC has been cancelling meetings of the local authority and it may be that the April meeting of the Parish Council will not go ahead, but that has yet not been decided.

We have now cancelled the Holiday Club in the Easter holidays, and although we are still planning our VE Day Event on Saturday 9th May 2020, of course this event might not now take place. Please keep an eye on Notice Boards, our website and our Facebook Page for further news. We also share items from our social media pages with the Village Residents’ Page and so please keep a watchful eye on these to find out what is happening.

The Parish Council.

How do you cope with living with fear?

Just at the moment our world is being faced with one of the biggest causes of fear we have had to face for a long time with the advent of the coronavirus. It is the uncertainty that seems the worst. Yes, there is always uncertainty to deal with, but this crisis seems far worse, because of the potential upheaval of everything we rely on to make life bearable, with the possibility of death the ultimate outcome.

So what do we use for a coping mechanism? It is a great comfort to know that there are certain things which can be relied on – and the greatest of these is love. If we are part of a loving family, we know there is support in whatever we have to face. In our communities when there is great trouble, so often people are moved to go the extra mile to care for their fellow human beings – this is all part of the love which is ingrained in society.

Where do we think this love originates? So often people sense that there is a spiritual dimension to life, and that this is the origin of love. On April 12th we celebrate Easter Sunday, which is the celebration of the beginning of Christianity. On that day the disciples were full of fear following the horrors of the death of Jesus on the Cross. But they met with risen Jesus, who with love set them free again. His risen presence is for all people for all time.

So in the midst of our fear, Jesus says “Come to Me, all you who are heavily laden, and I will give you rest”. In practical terms, that means going quietly and prayerfully into your inner being, and saying, “Come, Lord Jesus”.
